 (vi) Sales Commission, Fee, etc., Paid, Offered, or Agreed to be Paid: None known.

(vii) Sensitivity of Technology Contained in the Defense Article or Defense Services Proposed to be Sold: None.

(viii) Date Report Delivered to Congress: February 22, 2022.

\*As defined in Section 47(6) of the Arms Export Control Act.

#### POLICY JUSTIFICATION

Kuwait—Design and Construction of the Kuwait Ministry of Defense Headquarters Complex

The Government of Kuwait has requested to buy planning, design, construction, and associated procurement of Kuwait Ministry of Defense (KMOD) Headquarters Complex in Kuwait. This includes provisions for all physical building and infrastructure construction costs. The U.S. Army Corps of Engineers will provide life cycle design, construction, and project management, engineering services, technical support, facility and infrastructure assessments, surveys, planning, programming, design, acquisition, contract administration, construction management, and other technical services. The overall project includes over twenty facilities, including primary headquarters facilities for both civilian and military leadership, as well as any and all engineering studies, designs, construction, and construction management services necessary in order to provide a fully functioning headquarters complex. The estimated total cost is \$1 billion.

This proposed sale will support the foreign policy and national security objectives of the United States by helping to improve the infrastructure of a Major Non-NATO ally that has been an important force for political stability and economic progress in the Middle East.

This proposed sale will improve Kuwait's capability to meet current and future threats by modernizing the KMOD headquarters and associated infrastructure. Kuwait will have no difficulty absorbing this infrastructure, support, and associated services into its armed forces.

The proposed sale of this infrastructure and support will not alter the basic military balance in the region.

No principal contractor has been identified for this sale. Contracts funded by this case are likely to be competitive acquisitions. The host nation has the ability to limit competition if they so choose, but has not requested to do so at this time. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require the assignment of as many as ten (10) additional U.S. Government or U.S. contractor representatives to Kuwait for a duration of up to seven (7) years to provide construction management and oversight. It may be possible to utilize locally available labor to provide some oversight services in lieu of the assignment of U.S. personnel to the program.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

#### ARMS SALES NOTIFICATION

Mr. MENENDEZ. Madam President, section 36(b) of the Arms Export Control Act requires that Congress receive prior notification of certain proposed arms sales as defined by that statute. Upon such notification, the Congress has 30 calendar days during which the

sale may be reviewed. The provision stipulates that, in the Senate, the notification of proposed sales shall be sent to the chairman of the Senate Foreign Relations Committee.

In keeping with the committee's intention to see that relevant information is available to the full Senate, I ask unanimous consent to have printed in the RECORD the notifications which have been received. If the cover letter references a classified annex, then such annex is available to all Senators in the office of the Foreign Relations Committee, room SD-423.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

DEFENSE SECURITY  
 COOPERATION AGENCY,  
 Arlington, VA.

Hon. ROBERT MENENDEZ,  
 Chairman, Committee on Foreign Relations,  
 U.S. Senate, Washington, DC.

DEAR MR. CHAIRMAN: Pursuant to the reporting requirements of Section 36(b)(5)(C) of the Arms Export Control Act (AECA), as amended, we are forwarding Transmittal No. 22-0C. This notification relates to enhancements or upgrades from the level of sensitivity of technology or capability described in the Section 36(b)(1) AECA certification 20-35 of September 30, 2020.

Sincerely,

JEDIDIAH P. ROYAL  
 (For James A. Hursch, Director).

Enclosures.

TRANSMITTAL NO. 22-0C

Report of Enhancement or Upgrade of Sensitivity of Technology or Capability (Sec. 36(B)(5)(C), AECA)

(i) Purchaser: Government of Switzerland.  
 (ii) Sec. 36(b)(1), AECA Transmittal No.: 20-35.

Date: September 30, 2020.

Implementing Agency: Air Force, Navy.

(iii) Description: On September 30, 2020, Congress was notified by Congressional certification transmittal number 20-35 of the possible sale, under Section 36(b)(1) of the Arms Export Control Act, of up to forty (40) F-35 Joint Strike Fighter Conventional Take Off and Landing (CTOL) aircraft; forty-six (46) Pratt & Whitney F-135 engines; forty (40) Sidewinder AIM-9X Block II+ (Plus) Tactical Missiles; fifty (50) Sidewinder AIM-9X Block II Captive Air Training Missiles (CATMs); six (6) Sidewinder AIM-9X Block II Special Air Training Missiles (NATMS); four (4) Sidewinder AIM-9X Block II Tactical Guidance Units; ten (10) Sidewinder AIM-9X Block II CATM Guidance Units; eighteen (18) KMU-572 JDAM Guidance Kits for GBU-54; twelve (12) Bomb MK-82 500LB, General Purpose; twelve (12) Bomb MK-82, Inert; twelve (12) GBU-53/B Small Diameter Bomb II (SDB II) All-Up Round (AUR); and eight (8) GBU-53/B SDB II Guided Test Vehicle (GTV). Also included are Electronic Warfare Systems; Command, Control, Communications, Computer and Intelligence/Communications, Navigational, and Identification (C4I/CNI); Autonomic Logistics Global Support System (ALGS); Autonomic Logistics Information System (ALIS); Full Mission Trainer; Weapons Employment Capability and other Subsystems, Features, and Capabilities; F-35 unique infrared flares; reprogramming center access; F-35 Performance Based Logistics; software development/integration; flight test instrumentation; aircraft ferry and tanker support; Detector Laser DSU-38A/B, Detector Laser DSU-38A(D-2)/B, FMU-139D/B Fuze, KMU-572(D-2)/B Trainer

(JDAM), 40 inch Wing Release Lanyard; GBU-53/B SDB II Weapon Load Crew Trainers (WLCT); Cartridge, 25 mm PGU-23/U; weapons containers; aircraft and munitions support and test equipment; communications equipment; spares and repair parts; repair and return support; personnel training and training equipment; publications and technical documents; U.S. Government and contractor engineering, technical, and logistics support services; and other related elements of logistical and program support. The total estimated cost was \$6.58 billion. Major Defense Equipment (MDE) constituted \$4.08 billion of this total.

On December 4, 2020, Congress was notified by Congressional certification transmittal number 0B-21 of a clarification of eighteen (18) FMU-139D/B Fuzes as MDE items. This transmittal further reported a clarification of the description for AIM-9X Guidance Units from "four (4) Sidewinder AIM-9X Block II Tactical Guidance Units" to "four (4) Sidewinder AIM-9X Block II+ (plus) Tactical Guidance Units." The total MDE remained \$4.08 billion. The total case value remained \$6.58 billion.

This transmittal reports an extension of operation and sustainment costs for Switzerland's F-35 (non-MDE articles and services). There is no additional MDE being reported with this notification; as such, the total MDE value remains \$4.08 billion. The total cost of the new non-MDE articles and services is \$1.95 billion. The total case value will increase to \$8.53 billion.

(iv) Significance: This notification is provided due to the increased costs associated with the request for a longer period of Operations and Sustainment costs, as modified by the Swiss government from their original request.

(v) Justification: This proposed sale will support the foreign policy and national security of the United States by helping to improve the security of a friendly European nation that continues to be an important force for political stability and economic progress in Europe.

(vi) Sensitivity of Technology: The Sensitivity of Technology Statement contained in the original notification applies to articles and services here.

(vii) Date Report Delivered to Congress: February 18, 2022.

#### TRIBUTE TO DR. SALLY ROCKEY

Ms. STABENOW. Mr. President, it is my privilege to recognize and honor Dr. Sally Rockey, the inaugural executive director of the Foundation for Food and Agriculture Research, and a pioneer in Federal research, on the occasion of her well-earned retirement.

Dr. Rockey's career has improved countless people's lives through research, and she continues this mission today. She has been a leader in the advancement of research programs in both agriculture and biomedicine. She spent almost 20 years with the U.S. Department of Agriculture managing competitive research grant programs, and she was with the National Institutes of Health—NIH—for 11 years as the NIH Deputy Director for Extramural Research, where she led the operations of the world's largest extramural research program.

Together with Senator Pat Roberts, I established the Foundation for Food and Agriculture Research in the 2014
